

MEDICARE HEALTH PLAN AGENTS NEEDED

United for Health is looking for self-driven full time agents to enroll seniors on a Medicare health plan or a supplemental plan.

We are purposely a small agency to work closely together and train on a one on one basis. When an agency gets too big it loses its commitment..so United For Health Agency is looking for a few agents that are looking for a career in the sales and marketing industry, to have a lucrative and successful career.

We provide training and tools to push you to the next level..We support and value our agents and provide everything necessary to succeed. We prefer agents with experience but if you are driven..We are for you...
